DRAKE DOMINATED AT THE 2017 BBMAs, earning a whopping 13 trophies to surpass Adele's 2012 reigning feat as the artist with the most wins in one night. The *Mo'Nasty* hitmaker faced the milestone with a fiery performance in the middle of the famed Bellagio Fountains during the telecast, which was produced by Dick Clark Productions, an affiliate company of *Billboard*. The three-hour-plus show featured 15 performances; an S&M costarred Nicki Minaj opened with a star-studded medley that brought out guests Lil Wayne, David Guetta and Jason Derulo; Camila Cabello and Miley

Cyrus both delivered live debuts of their new singles; and a day after her 71st birthday, the legendary Cher, who was presented with the Icon Award, rolled back the years with a high-powered performance of hits "Believe" and "If I Could Turn Back Time." "I've wanted to do what I do since I was 4 years old, and I've been doing it for 41 years," she said. Céline Dion danced to Cher's sets backstage just after Dion performed her iconic *Titanic* theme "My Heart Will Go On" 20 years after its debut. The spectacle ended with the audience in a standing ovation and Lea Michele and Vanessa Hudgens in tears. [PHOTOGRAPH BY \[unreadable\]](#)
